### Content

Describe, define, and provide how-to information in regards to a concept which you see ultimately benefiting humankind (e.g. sustainable housing, hydrogen fuel cells, faster computer chips, wildlife conservation, vegetarianism, *feng shui*, etc).

Provide an introduction to the topic (defining what it is); provide detailed information about its history; provide any information in regards to individual contributors/inventors; describe the process involved, and/or concepts involved; and, discuss any future endeavors/developments related to this topic.

You should include 3 sources for your paper (providing paraphrases and/or quotations as needed from each). Please use a blend of these secondary source reporting strategies.
