

SUBORDINATORS

SUBORDINATORS

Subordinators are words which are used to:

- +signal subordinate/dependent clauses,
- +create subordinate clauses, and
- +connect main and subordinate clauses.

Subordinators may exist as a single word or as pairs of words.

Common subordinators include:

Although

As

As if

If

Now that

Since

Than

Though

Till

Unless

Until

When

Whenever

Whereas

Whether

While

EX:

My car is clean unless I drive it through the mud.
